

Congratulations on downloading Mozart! Follow this user guide to set up and play the game.

Setup

1. If you have not already unzipped the file, do so now
2. Run index.html to access software. You are good to go!

Encryption (Input)

Mozart

Input

Type your message here...

Key C Major ▾

Encrypt ☒ Decrypt

▶ Play

🔍 Run Cipher

Output

Your result will appear here...

Write the message that you want to encrypt in the input box. Choose what key you want to use via the drop-down list as shown above. Ensure that the Encrypt-Decrypt slider has landed at “Encrypt.” Click “Run Cipher.” Now, the program will translate your input into output.

Encryption (Play Music)

Mozart

Input

Poison milk

Key C Major Encrypt Decrypt Play Run Cipher

Output

D5 G5 C5 C5 D5 D4 G4 C4 G5 C5 E5 A5 F5 G5 C5 D5 B4 C4 E4 A4 F4 G4 C4 E4 A4 D4
B4 C4 G4 C4 D4 D4 G4 C4 G4 C4 E4 A4 F4 G4 F4 G4 C4 F4 B4

After you receive the output, click “Play.” You will hear the music play the Output.

Note: For the music output “C5,” C represents the note and 5 represents the octave.

Decryption (Input)

Mozart

Input

Type your message here...

Key C Major Encrypt Decrypt Play Run Cipher

Output

Your result will appear here...

To decrypt your text, input the musical syntax you want to decrypt in the input box. Choose what key you want to use via the drop-down list as shown above. Ensure that the Encrypt-Decrypt slider has landed at “Decrypt.” Now, click “Run Cipher.” Now, the program will translate the output into input.

Decryption (Play Music)

Mozart

Input

D5 G5 C5 C5 D5 D4 G4 C4 G5 C5 E5 A5 F5 G5 C5 D5 B4 C4 E4 A4 F4 G4 C4 E4 A4 D4
B4 C4 G4 C4 D4 D4 G4 C4 G4 C4 E4 A4 F4 G4 F4 G4 C4 F4 B4

Key C Major ▼ Encrypt ☒ Decrypt ☐

▶ Play 🔍 Run Cipher

Output

poisonmilk

After you receive the output, click “Play.” You will hear the music play the Input.

Errors

- If Decryption failed, the Output will be ‘Decryption Failed using “\${key}”’
- If you try to click ‘Play’ with nothing in output, the page says “Make sure that the cipher has generated notes.”
